# Term 2 Week 8 and 9 - HOMEWORK

**Due Friday 10\textsuperscript{th} June 2016**

**Reading**

Read for at least 15 minutes each night and record this in your Reading Diary. You can read a book, a newspaper, a magazine etc. Make sure you record EACH NIGHT in your diary and have an adult sign at the end of each week.

**Spelling**

Using 10 words that you have identified as words you need to practice, write each word four times and record how many sounds each word has.

\[ \text{e.g. beat} \rightarrow b-e-a-t \text{ (3 sounds)} \]

**Mathematics**

Draw any shape and use it to create two patterns using any combinations of flip, slide and turn.

Can this shape tessellate? Prove your reasoning in your book.

**Writing**

**Biography**

Choose a family member and ask them questions to gather information about their life.

Plan and write a biography about them (show your plan in your homework book).

**Health and Physical Education**

Spend five minutes sitting or laying somewhere quiet with your eyes closed. Focus on your breathing, feeling your breath travel in and out of your body. Ignore all distractions and relax, calming your body and mind.

Record the dates and times. (If anyone else joins in, record their names as well!)

**Digital Technologies**

We are aiming to build school and home connectedness through our ACPS class blogs.

Read any of the Aitken Creek class blogs and leave at least two comments. You can leave a comment on a post or leave a comment on a one that has been left already. Record which class blog and which post/s you left a comment on in your homework book.

If you do not have access to the blogs, then write a short post in your book that can be posted to your class blog with your teacher in class. It might be a recount of something in class, a piece of art and a description, etc.

When leaving a comment, remember to be positive and include a greeting and farewell. To help you leave a good comment, see some ideas here:
